SIMPLE SEAT REDUCTION

The Piper Comfort has optional extras of a seat inlay, set of width reducers and a soft footrest raiser to reduce the size of the buggy for smaller children.

This provides great growth in the system as the reducers can be easily removed as the child grows!

PIPER DIMENSIONS

	Standard	With Inserts
Backrest Height	680 mm	680 mm
Seat Depth	290 mm	240 mm
Seat Width	260 to 340	230 to 270

FOLDED DIMENSIONS

	Standard	With Inserts
Buggy Weight	14.5 kg	16.0 kg
Folded Length	1020 mm	1020 mm
Folded Width	330 mm	330 mm
Folded Height	280 mm	280 mm

ENCLOSED BACKREST RECLINE

The Piper Comfort features a unique backrest recline system, offering 35° of movement whilst keeping the buggy user completely enclosed within the frame.

This recline system is great for users with problems relating to sensory overload or behavioural issues, as the buggy cocoons their body, making them feel safe and secure whilst out on the move.

The recline also brings up the footplate, allowing the user to almost lie flat.
